Conversion in the  
Middle East

Many people dream of doing great things in this life.

Those who play sports dream of winning the championship. Those in business dream of growing their business. Artists and actors dream of becoming well-known. In almost everything we do, we dream of excelling. This drive is part of the natural desires God has given to us.

When it comes to the most important part of our lives, we must strive to excel also. What is the most important part of our lives? It is the calling we have received to serve the will of God. Therefore, we must strive to unite our natural desire for excellence with our faith so that we will be driven to fulfill the glorious mission God has entrusted to each one of us.

Every natural ability we have must be seen as a gift, given to us by God for the purpose of glorifying Him and furthering His Kingdom on earth. In our parable today, the man who went on a journey entrusted each of his servants with a large sum of money. To one he entrusted five talents; to another two; to a third, one. A talent was a measurement of precious metals such as silver or gold. In today's value, one talent of silver would be worth about \$30,000 USD. That's a lot of money entrusted to each of these servants. However, when the master returned, he referred to this initial gift to each as a small amount and then promised to entrust a large amount to the two servants who used the talents well.

What has our Lord entrusted to you? What gifts and talents do you have? As you think about your natural talents, consider how well you use them for the service of God. Using your natural abilities only for yourself is the same as refusing to use them for God. To the one man who was entrusted with one talent and did nothing with it, the master said, "You wicked, lazy servant!" He then took the one talent away and gave it to the one with ten who was responsible with the master's money. So in our lives, if we fail to dedicate our natural abilities to the service of God, we will lose even the little we have. But if we unite our natural desire for greatness with the call to serve the will of God, then there is no limit to the riches of grace God will bestow.
